CORE VALUES

Innovation

The construction industry and global markets as a whole are rapidly changing. BBI fundamentally believes in embracing and leading this change. By leaning on proven industry techniques and practices and combining them with emerging and innovative technologies or techniques, Blackbird strives for excellence through innovation.

Dedication

Blackbird is dedicated to the industry. BBI recognizes that the level hard-work and passion for any endeavor typically determines the result. They are passionate about building the future, and truly love what they do. By putting in the work and earning the results, Blackbird believes in success through dedication.

Execution

BBI is driven to execute. BBI believes execution is the direct result of proper practice, and not a bi-product of it. This is achieved through detailed planning, resource allocation, and process management at the foundations. Blackbird prides itself on completing task professionally and efficiently and thrives on distinction through execution

COMMITMENT

Blackbird Industrial is committed to our community.

This is a commitment to environmental stewardship;

A commitment to the safety of its employees and the public;

A commitment to quality of the workmanship we produce; and a commitment to being a force for good in society as a whole.

Blackbird believes communication is paramount and strives to build and maintain relationships throughout not only the industry, but the communities that we all live and work in.

At its foundation, BBI is a specialized contractor built on innovation, dedication, and execution. BBI is committed to community, and determined to build and maintain its relationships and reputation.

BBI truly strives to:

-Elevate your Project-

INDUSTRIES

Infrastructure

Roads, Rail, bridges, piers, substations, landfills and everything in-between:

Corbels to cassions, rip-rap or road base; Blackbird has the experience to take on any infrastructure challenge.

Marine

With over 15 years of marine construction experience, Blackbird has the expertise and a proven track record of success in some of the most challenging and sensitive marine environments.

Utilities

Blackbird has completed a multitude of utility construction/ replacement projects from smaller diameter municipal sanitary, storm, and sewer upgrades to large diameter force-main, pipeline, and outfall construction.
